# European Technical Assessment

**ETA-16/0242**  
of 01.12.2018

General part

**Technical Assessment Body issuing the European Technical Assessment**

Österreichisches Institut für Bautechnik (OIB)  
Austrian Institute of Construction Engineering

**Trade name of the construction product**

Baumit StarSystem Nature

**Product family to which the construction product belongs**

External Thermal Insulation Composite Systems with rendering on wood fibre (WF) for the use as external insulation to walls of buildings

**Manufacturer**

Baumit Beteiligungen GmbH  
Wopfing 156  
2754 Waldegg  
Austria

**Manufacturing plant**

Plants of  
Baumit Beteiligungen GmbH  
Wopfing 156  
2754 Waldegg  
Austria

**This European Technical Assessment contains**

12 pages

**This European Technical Assessment is issued in accordance with Regulation (EU) No 305/2011, on the basis of**

ETAG 004, edition 2013, used as European Assessment Document (EAD)

**This European Technical Assessment replaces**

European Technical Assessment ETA-16/0242, issued on 04.05.2016

This European Technical Assessment is not to be transferred to manufacturers or agents of manufacturer other than those indicated on page 1, or manufacturing plants other than those laid down in the context of this European Technical Assessment.

Translations of this European Technical Assessment in other languages shall fully correspond to the original issued document and should be identified as such.

Communication of this European Technical Assessment, including transmission by electronic means, shall be in full. However, partial reproduction can be made with the written consent of the Österreichisches Institut für Bautechnik. In this case, partial reproduction has to be designated as such.

This European Technical Assessment may be withdrawn by the Österreichisches Institut für Bautechnik, in particular pursuant to information by the Commission according to Article 25 (3) of Regulation (EU) No 305/2011.

Specific part

## **1. Technical description of the product**

### **1.1 General**

This product is an ETICS (External Thermal Insulation Composite System) with rendering - a kit comprising components which are factory-produced by the manufacturer or component suppliers. The ETICS manufacturer is ultimately responsible for all components of the ETICS specified in this ETA.

The ETICS kit comprises a prefabricated insulation product of wood fibre (WF) to be bonded or mechanically fixed onto a wall. The methods of fixing and the relevant components are specified in the table below. The insulation product is faced with a rendering system consisting of one or more layers (site applied), one of which contains reinforcement. The rendering is applied directly to the insulating panels, without any air gap or disconnecting layer.

The ETICS may include special fittings (e.g. base profiles, corner profiles,...) to treat details of ETICS (connections, apertures, corners, parapets, sills,...). Assessment and performance of these components is not addressed in this ETA, however the ETICS manufacturer is responsible for adequate compatibility and performance within the ETICS when the components are delivered as a part of the kit.
